How are we holding students accountable?
Accountability is problem solving to learn and grow. It allows children to build critical thinking skills, develop the ability to overcome obstacles, and gain increased resilience, increased confidence and therefore increased effort.

Healthiest state walk is October 7th. Parents are invited to walk with us at the high school track.

South will walk from 2:30-3:00 and North will walk from 2:45-3:15.
